

## Innovative Network Integration [1]

### Innovation Through Integration

#### The best of all worlds in a single platform:

- Customized, patient-specific treatments
- Seamless data transfer via the **WaveNet™** network
- Small footprint
- Swiveling bed simplifies patient positioning
- Enhanced efficiency, comfort, and ease of use

### WaveNet™ Computer Network

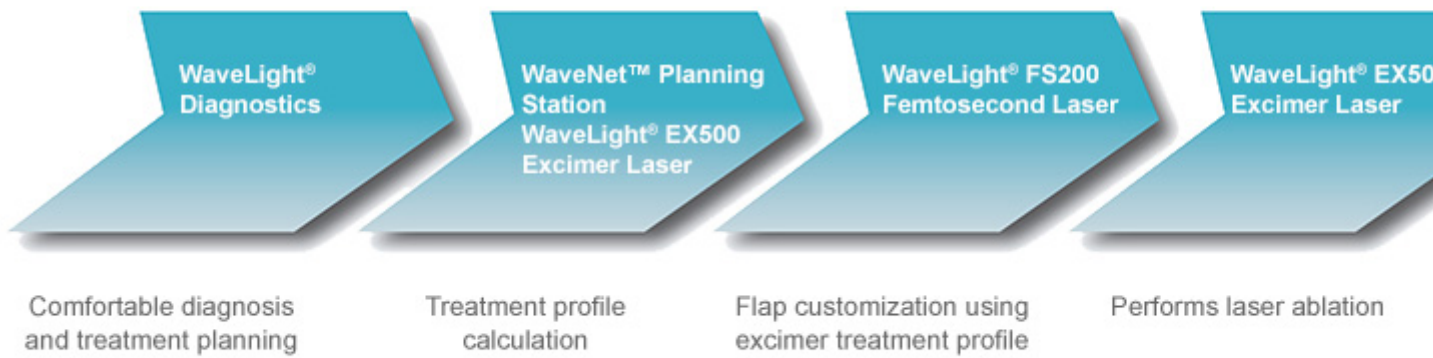

Tab:

## Streamlined Integration [2]

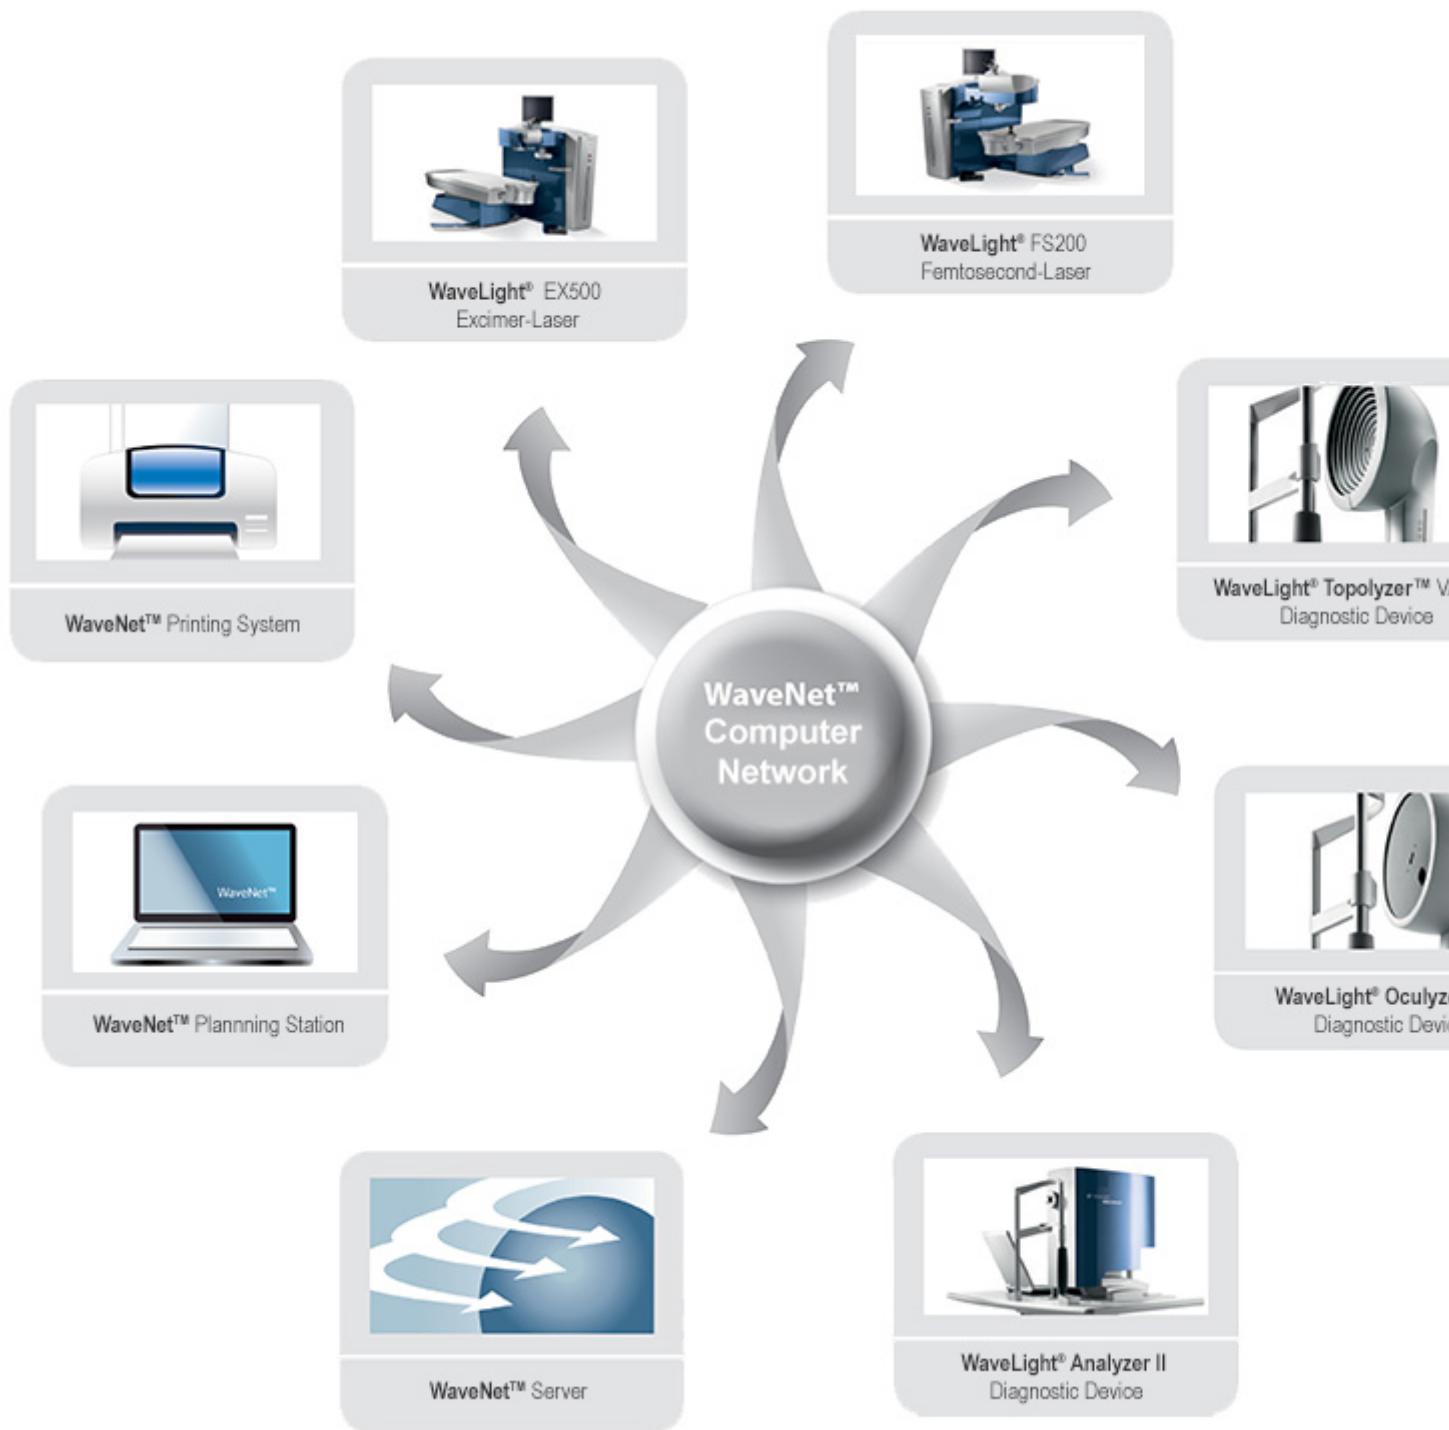

#### Seamless transfer of patient data, treatment parameters, and measurement parameters:

- Minimize potential for error by eliminating data re-entry and manual transfer
- Comfortable treatment planning outside the OR

## Easy Treatment Planning and Performance With WaveNet™ Computer Network Integration

### Diagnostic Systems <sup>[3]</sup>
